MESSAGE FROM THE CEO & BOARD CHAIRMAN

Dear Friends,

The 2015-16 fiscal year marked one of the more momentous years in recent memory at Adopt-A-Family. As you will read in this report: our funding partners, dedicated supporters, innovative programs, passionate staff, and members of the Palm Beach County community made a demonstrable impact on the agency that will resonate for years to come. Special highlights from the past year include formally recognizing the members of our Wiley Reynolds Society, a national championship golf tournament victory by Celedinas Insurance Group to benefit AAF, and a meaningful year-long community service partnership with our friends at The Benjamin School.

Most importantly, each of these highlights from the past year played a direct role in providing expanded access to vital programming and services for families in Palm Beach County. Our dedicated staff continue to provide quality services, opportunities, and housing to Palm Beach County's most vulnerable families. The successes spurred by our programmatic outcomes garnered local, state, and national funding support, which led to the continued expansion of our homeless prevention and homeownership programs. Perhaps the most significant news regarding our programming came during the summer of 2016, when we began partnering with Palm Beach County to ensure the community's only shelter for families experiencing homelessness would remain in operation. We worked with our partners at the county and assumed operational capacity of Program REACH on July 1, 2016.

Although we can confidently say that we are making an impact, we also know that much more needs to be done. While the resources may never truly meet the needs, we will continually strive to provide life-changing services to as many families as possible. We will need you, the dedicated Adopt-A-Family community and new friends to the agency, more than ever this coming year. For 33 years, you have walked with us and we hope that you will continue in the coming year.

Sincerely,

*Matt Constantine, CEO, LCSW
Adopt-A-Family of the Palm Beaches, Inc.*

REMEMBERING AN ANGEL, RUTH HENNESSY

Adopt-A-Family (AAF) lost a dear friend and long-term committed board member on February 22, 2016. Ruth Hennessy's involvement with AAF started as a member of our Tree Lighting Committee in 1998. Through this experience and her desire to make a bigger impact, Ruth joined the board of directors in 1999 and served until 2010. Ruth chaired our Tree Lighting Celebration in 2006 and 2009. Ruth, her husband Ed, and daughter Beth, served as the Grand Benefactors of Tree Lighting in 2006, 2007, 2013, 2014, and 2015. Additionally, Ruth and her daughter Beth became the only Mother/Daughter Co-Chairs of the Annual Tree Lighting Celebration to this date. On April 26, 2016, Adopt-A-Family honored the Hennessy family with the Wiley Reynolds Society Award for their commitment to our organization.

Ruth was dedicated to improving the lives of the children served in our programs and was a huge advocate for increasing educational opportunities for families and children in need. Her philanthropic efforts have impacted thousands of children and families not only in Palm Beach County, but throughout the country.

All those fortunate enough to know Ruth were profoundly taken by her incredible warmth and genuine kindness that made her so special. Ruth was an exceptional woman who embodied the AAF spirit and truly supported the work we do. Ruth's smile and her love of life, family, and friends will be etched in the hearts and minds of all those she touched throughout her lifetime.

Adopt-A-Family is forever grateful for all that Ruth did for our agency, but more importantly, for the families we serve.

OUR PROGRAMS

Family Homelessness & Housing Stability

Self-Sufficiency & Empowerment

Quality Afterschool Programming

A. PROGRAM DESCRIPTION B. SOLUTIONS & SERVICES PROVIDED C. PROGRAM IMPACT

PROJECT GROW

A. Project Grow is an afterschool and out-of-school program which fosters a stable and educational environment for children in kindergarten through fifth grade. The program is customized to meet the unique challenges of 60 formerly homeless and low-income students in the Lake Worth community.

B. Through comprehensive and engaging afterschool programming, Project Grow holistically builds on each student's social, emotional, and educational skills that are necessary for a healthy childhood. The program also continues to incorporate an innovative STEAM (science, technology, engineering, arts, and math) curriculum that prepares Project Grow students for career fields of the future.

C. Project Grow continues to meet and exceed goals set forth by Prime Time Palm Beach County's Quality Improvement System (QIS) rating standards. The program achieved the highest possible QIS rating for the 6th consecutive year.

Collaboration is a vital component to **PROJECT GROW**. The program has built partnerships with more than **20** local businesses and organizations in order to foster its **STEAM-curriculum** and educational programming. In 2016, 98% of the students in Project Grow were promoted to the next grade level.

HOUSING STABILIZATION PROGRAM

A. The Housing Stabilization Program (HSP) is a homeless prevention program that targets families with children who have fallen behind on rent or mortgage payments due to a temporary hardship or a short-term emergency circumstance.

B. HSP provides short-term financial assistance to families to help them overcome their immediate housing crisis. Additionally, each family receives tailored case management services that include budgeting assistance and access to community resources in order to address barriers that may prevent them from maintaining stable housing over time.

C. As one of the largest homeless prevention programs in Palm Beach County, HSP prevents more than 200 families from becoming homeless each year.

HSP was presented with an **exciting opportunity** for further expansion this year as a private foundation expressed interest in supporting the hire of a fifth full-time **Family Advocate**, which will enable the program to serve additional at-risk families in Palm Beach County.

BRIDGES TO SUCCESS

A. Bridges to Success is a permanent supportive housing program for families experiencing homelessness funded by U.S. Department of Housing and Urban Development (HUD).

B. The program offers intensive case management and supportive services to all residents and is one of the few housing resources available for homeless families in western Palm Beach County.

C. 100% of participating families remained stably housed during the 2016 fiscal year.

SERVICE ENRICHED HOUSING

A. Service Enriched Housing (SEH) is an innovative residential program for low-income families dedicated to the pursuit of increased financial stability and homeownership. SEH provides safe and affordable housing for 30 families who meet program requirements.

B. Families work collaboratively with the program manager to address credit obstacles, eliminate debt, and learn the necessary steps to becoming a homeowner. In addition to services tailored to the individualized needs of participating families, the program manager, a NeighborWorks certified homeownership counselor and financial capability educator, facilitates a "Homebuyer's Club" twice annually that is open to all Adopt-A-Family clients. The class effectively prepares students in the areas of the mortgage and purchase process, opportunities for first-time homebuyers, budgeting, and credit management.

C. A summer 2016 grant award from the Community Foundation for Palm Beach and Martin Counties allowed the program to expand by two units, increasing program capacity to 30 families.

Since 2014, SEH families have **eliminated** more than **\$150,000** in debt -- becoming better prepared for the home buying process.

PROGRAM REACH

A. Program REACH is a 19-unit emergency shelter for families with children. Adopt-A-Family assumed full operational capacity of the shelter on July 1, 2016.

B. REACH provides immediate, safe housing to families who are residing in places not meant for human habitation such as cars, parks, or abandoned buildings for up to 90 days. Once families enter the shelter, program staff and housing specialists work with families on an individual basis to create a quick path to a permanent housing solution.

C. In the most recent year, the program provided emergency **shelter to 64 families** in crisis while guiding 83% of families toward lasting housing opportunities.

SENATOR PHILIP D. LEWIS CENTER FAMILY HOMELESSNESS TEAM

A. The Senator Philip D. Lewis Center is the centralized point-of-entry for families and individuals experiencing homelessness in Palm Beach County. Adopt-A-Family serves as the lead agency for families experiencing homelessness.

B. Through assessment, housing placement, and comprehensive case management, the Lewis Center team provides vital housing and supportive services to our community's families most in need.

C. Through multiple interventions, including Rapid Re-Housing, permanent supportive housing, and access to emergency housing options, the Lewis Center team provided shelter solutions to more than **300 families** in the most recent fiscal year.

WILEY REYNOLDS GARDENS APARTMENTS

A. Wiley Reynolds Gardens Apartments is a nine-unit housing program that provides safe and affordable housing to families experiencing homelessness.

B. Wiley provides rental units that are affordable to families earning at or less than 50% of the AMI. Affordable rents, coupled with support services, allows families the opportunity to achieve self-sufficiency and pursue life goals such as an advanced education.

C. In the past year, 90% of heads of household residing in the Wiley Reynolds Gardens Apartments were employed full time.

PROJECT SAFE

A. Project SAFE, Adopt-A-Family's longest running permanent supportive housing (PSH) program, provides a safe, consistent, and nurturing environment for **32 families** experiencing homelessness. Families must also have a documented disability to gain entrance into the program. In addition, the families entering the program experience the **highest barriers to housing** in **Palm Beach County**.

B. Each resident of Project SAFE receives support from an on-site housing-focused case manager. This includes providing families with access to financial literacy training, educational opportunities, mental health referrals, life-skills training, and affordable childcare. All of the support services that the case managers provide assist families in remaining stably housed.

C. **96% of families** remained stably housed during the most recent fiscal year.

4 individuals participating in the Project SAFE program obtained **their high school equivalence diploma in the past year.**

NEIGHBORHOOD STABILIZATION PROGRAM 2

A. NSP2 provides 24 rental units in the City of Lake Worth targeting families earning at or less than 50% of Area Median Income (AMI), which is \$30,250 for a family of three.

B. Families participating in NSP2 receive support services combined with affordable rental rates. Families pay between \$575 - \$725 per month, far below Fair Market Rent in Palm Beach County, which is \$1,240 for a two-bedroom apartment (HUD Fair Market Rent (FY2016)).

C. During the 2016 fiscal year, NSP2 maintained a 99% occupancy rate.

ADOPT-A-FAMILY QUOTABLES

Testimonials from our families

Rose Beauvil, Service Enriched Housing Homeownership Success Story

“ Adopt-A-Family is exactly what its name states -- it's truly a FAMILY adopting another family. I was always treated with a sense of compassion and respect you cannot find anywhere else. I felt like a family member from day one -- and THAT is why I'm a homeowner today. I will be an ambassador for the program's success my entire life.

- Rose Beauvil

”

Pete Cabrera, A Project Grow Success Story

“

Project Grow taught me how to prioritize school work first. When we arrived at the facility, we would have snack time and immediately start working on our homework. This started the habit of always doing my school work first and having fun later. I would say Project Grow, in addition to Adopt-A-Family programming as whole, led to my decision in pursuing a medical degree. The agency fostered my will toward wanting to give back to others – and this played a direct role in my pursuit of a medical school education.

”

-Pete Cabrera

Scott Harper and Family – A Lewis Center Success Story 🏠

“ Life throws everyone curve balls from time to time. The fact that Adopt-A-Family was there for me and my family in a time of need is so special. I am so grateful to Rae, Steve, Ashley, and the entire agency for helping us regain stability. I now have a great job as a technician for a large telecommunications company, and we have an apartment to call our very own. Adopt-A-Family even provided resources to get the apartment furnished and beds for my children - free of charge. I am so, SO grateful.

- Scott Harper

THE BENJAMIN SCHOOL PARTNERSHIP 2015-16

In the fall of 2015, Adopt-A-Family (AAF) was notified that The Benjamin School selected AAF as their school-wide community service partner for the 2015-16 school year.

The Benjamin School facilitated **more than 20 projects** through the course of the year including record-setting food drives, toy drives, and school supply drives that made a difference in the lives of hundreds of families served by AAF.

In May 2016, Adopt-A-Family presented the school-wide community **with an award** in appreciation of the year-long partnership.

HIGHLIGHTS OF THE BENJAMIN SCHOOL'S IMPACT:

- ◆ **3,811** pounds of canned and non-perishable food items were collected by the school-wide community during their Thanksgiving food drive – a Benjamin School and Adopt-A-Family record.
- ◆ **1,500** toys were collected during the school-wide community holiday toy drive, leading to the creation of the first ever “Holiday Gift Giving Event” to benefit homeless families served at the Senator Philip D. Lewis Center.
- ◆ The award-winning engineering students from The Upper School’s Benjineers facilitated a STEM project for second – third grade students in Adopt-A-Family’s afterschool program, Project Grow.
- ◆ **4** Benjamin School fourth grade science students donated their South Florida Science Center and Aquarium competition winnings to Adopt-A-Family – an act of generosity they thought of on their own accord.
- ◆ The partnership included a fun-filled afternoon sponsored by The Benjamin School’s “Men of Benjamin” that was the largest event to date to take place on the recently renovated green space at Project Grow – **drawing more than 175 people** from The Benjamin School and AAF communities.

“ I knew the first time I met with Matt and Sean at Adopt-A-Family that I wanted to help plan a fun event that would partner their kids with Benjamin students. My parents taught me to show great care and concern for others. My hope was to help plan a fun event that would send a simple message to the kids from Adopt-A-Family. **‘We care about you.’** I don’t believe the day could have gone any better. We definitely accomplished our goal. ”

- Vince Marotta, **Men of Benjamin event organizer and key sponsor**

It was truly an honor to partner and collaborate with everyone from The Benjamin School - from the students and parents, to faculty and administrators – your positive energy and giving spirit made a mark on Adopt-A-Family that will not soon be forgotten. Each and every member of The Benjamin School community made a difference for our families.

–Sean Dollard, Adopt-A-Family of the Palm Beaches, Inc.

Thank You Benjamin School Community.

“The Benjamin School is committed to instilling both a sense of community and commitment to serve others in its students. In order to foster this understanding, the School enters into a school-wide community service partnership each year. Throughout the 2015-16 school year, the School was fortunate to partner with Adopt-A-Family. The Benjamin community participated in a host of community service opportunities and meaningful initiatives to support the needs of Adopt-A-Family clients. Families in need have been directly impacted by The Benjamin community’s compassion and commitment to these meaningful service projects. It was a wonderful year of partnership with this amazing agency, and a year for which Benjamin is most grateful to Adopt-A-Family.

-Mr. Bob Goldberg, The Benjamin School’s Head of School

The Men of Benjamin Field Day brought together more than 175 people from The Benjamin School and families served through our core programming for fun and games by Digital Vibez, and delicious BBQ food from Cheney Brothers. Special thanks to Vince Marotta for making this day possible.

2016 WILEY REYNOLDS SOCIETY AWARDS CEREMONY

The society is comprised of friends of Adopt-A-Family who have historically contributed more than \$100,000 and share Mr. Reynolds' passion to positively impact the lives of others. Though he is deeply missed by family and friends, his name will always be associated with generosity, and his legacy will live on through the Wiley Reynolds Society Members.
